CMA

CMA (Certified Management Accountant) Certification from Institute of Management Accountants, USA is a global benchmark for accountants and finance professionals in business.

CMA program has been designed to meet the evolving needs of business and recognizes the unique proficiencies required for success in the challenging profession of Management Accounting.

Fast adapting CMA certification makes you 'future-proof' in the evolving world of Artificial Intelligence and Big Data.

CMA credential gives you greater credibility, higher earning potential and ultimately a seat at the leadership table.

CMA Certification can be completed in less than one year and is arguably the least expensive global accounting qualification.

CMA FAQs

1. What are the requirements to earn CMA designation?

- Active membership in IMA (Institute of Management Accountants), USA
- A bachelor's degree from an accredited college/university or a related professional certification
- Two years of professional experience in management accounting or financial management, which can be completed after passing the exam, but are required as a final step to certification
- Passing Parts 1 and 2 of the CMA exam

2. Who can pursue CMA course?

Any graduate can pursue CMA course. IMA encourages students to register and pass the CMA exam while doing their graduation.

3. What is the pass rate for the CMA exam?

Pass rate on the CMA exam differs by geographic region, but averages about 50%.

4. How is the CMA exam administered?

CMA exam is organized into two parts:

Part 1: Financial Planning, Performance and Analytics

Part 2: Strategic Financial Management

Each exam part is of four hours in length and includes 100 multiple-choice questions and two 30-minute essays. Candidates can take parts 1 and 2 in any order.

The CMA exams are computer-based and administered in hundreds of Prometric testing facilities worldwide including Kerala.

5. When can I take the CMA exam?

Exams are offered during the following test windows:

- January and February
- May and June
- September and October

Candidates can choose their convenient date and schedule exams online.

6. How long do I take to prepare for the exam?

FM Academy class room coaching would require 80 hours per part. Candidates would need an equal amount of time for intensive practice using GLEIM software to ensure a pass at the CMA exams.

Candidates can comfortably pass both the exam parts in less than 1 year.

7. What is the cost?

It costs less than Rs.1.5 lakhs for a student to earn CMA designation including our coaching fees. IMA scholarships and discounts can reduce this cost by Rs. 50,000.

8. When can I join the CMA course?

We follow rolling batches where the students can be admitted on starting a new topic area. Accordingly, new admissions take place every month.

9. What is the timing of coaching classes?

FM Academy has both online and classroom batches to suit timing preferences of regular college students as well as working professionals.

Live online classes are customized to the time zone preferences of both overseas and domestic students.

CPA

CPA (Certified Public Accountant) designation is the highest standard of competence in accounting profession across the globe.

CPA credential is the only license for accounting professionals in USA and is issued by state boards of accountancy in the 55 jurisdictions to practise auditing and attestation functions.

Although the education and experience requirement may vary by jurisdiction, CPA exam is uniform. Uniform CPA Exam is developed, maintained and scored by AICPA, USA in partnership with National Association of State Boards of Accountancy (NASBA).

CPA profession offers unlimited possibilities for career growth and development.

CPA Certification can be completed in less than one year.

CPA FAQs

1. What are the eligibility requirements to apply for CPA exam?

Eligibility requirements vary by jurisdiction. Each jurisdiction has specific requirements regarding education, experience and residency.

Most of the jurisdictions would require 150 semester hours of accounting education to be eligible to write CPA exam.

Post graduates like M.Com and MBA or graduates with professional certifications like CA and CS qualify for CPA exams in most of the states.

Indian students have to apply online through NASBA International Evaluation Services (NIES) to get the evaluation done. NIES may take upto 10 weeks to complete the evaluation.

2. What is the pass rate for the CPA exam?

On average, 45% is the pass rate for CPA exam.

The passing score is 75 on a 0-99 scale.

3. How is the CPA exam organized?

CPA exam is organized into four sections:

AUD: Auditing & Attestation

BEC: Business Environment & Concepts

FAR: Financial Accounting & Reporting

REG: Regulation.

Candidates can take four sections in any order.

4. Can I take the CPA exam in India?

Yes. Exams can be taken in India at eight Prometric test centers located in Ahmedabad, Bangalore, Calcutta, Chennai, Hyderabad, Mumbai, New Delhi and Trivandrum.

5. When can I take the CPA exam?

Candidates can now take computer-based CPA exams year-round. This continuous testing model allows candidates to choose their convenient date and schedule exams online.

Exam scores are released on a rolling basis throughout the year. Candidates can re-take a failed exam section shortly after receiving their score.

6. How long do I take to prepare for the exam?

FM Academy class room coaching would require 80 hours per part. Candidates would need an equal amount of time for intensive practice using GLEIM software to ensure a pass at the CPA exams.

Candidates can comfortably pass all the four sections of the exam in less than one year.

7. What is the cost?

Cost of evaluation and registration for CPA exam varies for each jurisdiction and is approximately Rs. 1 lakh. Additional charge of Rs. 25,000 (approx.) per part for appearing at International centres.

Candidates also have to bear air travel and stay expenses to the US or Middle East test centres.

You may please contact us regarding our coaching fees including course materials.

8. What is the class timing?

Convenient and flexible Morning and Day batches are available to suit regular college students as well as working professionals.

Live online classes are customized to the time zone preferences of both overseas and domestic students.
